Parking Day is “an annual, one-day, global event where artists, activists, and citizens collaborate to temporarily transform metered parking spots into “PARK(ing)” spaces: temporary public parks.”

For one day, parks and people come first.

On Friday September 19, 2014 Wayne State University will participate in PARK(ing) Day with one or more locations on or adjacent to campus on. RogueHAA, the non-profit arm of Hamilton Anderson Associates, in partnership with WSU’s Office of Economic Development will work with students to create a unique, social, and lively space to host various activities throughout the day.
